“I have learned how to dowse well and can really influence the energies that control my life. It has become very simple to ask the questions and get the correct answers. I have also been able to help many friends. My business has boomed since I took your class and the love and respect in my family have never been better—again--- it is amazing when you can change energy to do positive things.” -- Jeff C.

COST IS \$250. Send a check for \$100 to register and hold your space. Bring CASH to the workshop and your deposit check will be returned to you.
